**DESCRIPTION**
A water-based fluorinated resin product, ARCAFABRIC is an oil and water repellent. Ready to use and easy to apply, ARCAFABRIC protects the material and prevents it from staining caused by spills of food products and beverages or blood or contact with vegetable oils or automotive oils in the workplace.

**FABRIC**
can be applied on all fabrics: cotton, velvet, chintz, canvas

**BENEFITS**
- protects against water penetration and oil stains
- does not alter the colour or appearance of the materials
- easy to use and apply
- applicable on all materials
- in-depth treatment of fabric which will protect the material from common spills - coffee, tea, soda, chocolate, blood, fruit, mustard and ketchup, etc.
- odourless when dry

**INSTRUCTIONS FOR USE**
Apply on new or clean fabric in a well ventilated area.
Shake the applicator to mix well before applying.
We recommend that ARCAFABRIC be applied to small inconspicuous area of the material and allowed to dry to verify colour fastness and affect on the material.
Using a paintbrush, brush ARCAFABRIC uniformly into and over the entire surface to saturate the material.
Do not wipe or towel the material to dry. Let dry 4 hours. Pour a drop of water onto the fabric. If the water pearls up and does not penetrate the fabric, one application is sufficient. If not, renew the application.

**DRYING TIME**
at 20°C and 65% relative humidity: 4 hours between applications: 1 to 3 hours (the time will vary depending on the ambient temperature and relative humidity.

**OPTIMUM PROTECTION IS REACHED 7 DAYS AFTER APPLICATION**

**SAFETY AND PRECAUTIONS**
Non toxic product
Non-flammable
Keep away from children

**LIMITATIONS**
Do not apply if the temperature is <5°C or >35°C
Do not apply under hot sun or if raining or snowing

**CLEAN UP**
water

**COVERAGE**
3 to 5 m2/L (or depending on the porosity of the material from 6 to 10 m2/L

**PACK SIZES**
0.5L, 5L and 20L pails
